## Company Profile

Pacific Ocean Sanitaryware Industry Co.,Ltd Established in 1983, we are the professional manufacturer with rich experience in sanitary ware, kitchenware and bathroom industry. After more than twenty years' effort, we have become a specialist in product development, manufacturing and trading; being one of the leading enterprises in this line in China.

More than 30 series, totaling over 300 models, including kitchen and bathroom faucets, Stainless Steel Sanitary Ware, hand showers and sensor spouts. With a modern factory covering an area of 80,000 square meters and annual capability more than 300,000 series.

We have implemented various scientific management methods and strict quality control system. We had already Achieved ISO9001: 2008 and CE certificate certificate. All our products are made of top quality brass material and famous brand ceramic cartridges. Expert hand polishing on our products guarantees high quality plating and a flawless finish, so it always looks as good as the day it was installed.

We offered residential and commercial products built to stand the test of time.90% of our products are exported to various countries around the world; including America, Germany and Southeast Countries and regions, and have earned a good reputation from foreign clients and domestic consumers of large & middle cities.

If you are interested in any of our product, please contact us for more details. We are looking forward to establishing long-term business relationships with you in the near future.

Speciality,lies on good command of water.

New technology were applied on sanitary ware products to bring perfect experience for using water.When water flow through the products leading by high technology with elegant attitude,you can feel the beauty of life all the time.

High Pure Brass59,  
environmentally friendly and non-toxic.

Brass fittings/accessaries focus on  
details; Acid cleaning-finishing has more  
strong corrosion resistance.

Cartridge: Lifetime >680, 000 times for  
both open and close.Strict test for water  
and air to avoid water leakage.

High quality chrome plating finishing.

Original aerator with seven level for  
filter. Easy-detaching structure ;Varied  
function such as water-saving,noise  
reduction,water splashes and so on.

Secure and environmental protection  
flexible hose; No bursing of water when  
water pressure reaches 25bar. Thicken  
joint can bear 60NM; Good quality can  
assure durability and security.
